Lundavra State School Student Resource Scheme 2013

Each year we ask that parents assist with the cost of books required by their children for the year. This contribution goes towards the cost of the books listed on the attached list:

If you have any queries about any of the above please contact the school and discuss your concerns. We are asking for this Student Resource Contribution for the following reasons:-

- By the school bulk purchasing the textbooks we ensure that every student receives the same text version.
- It is more cost effective for parents as each parent does not need to travel to a major centre to shop for text books.
- The school is better able to negotiate purchases for bulk prices
- Parents are invoiced for the GST free amount making it cost effective for families, receipts will be issued.

Where there is genuine parental financial hardship, parents can discuss with the school principal how they can meet their financial obligations by instalments throughout the school year or discuss alternative arrangements to accommodate special circumstances.
